

2015 NRMCA CONCRETE CONVENTION

04 June 2015 (8:15 a.m. to 5:30 p.m.)

Tropicana Golf & Country Resort, Petaling Jaya

Ready-Mixed Concrete Industry:
Innovation and
Technology Exhibition

Organized by

NATIONAL READY-MIXED CONCRETE
ASSOCIATION OF MALAYSIA

Introduction

The 2015 NRMCA Concrete Convention is organized for the NRMCA's members and their business associates to show case their products and services with the technology associated thereof in line with the theme of the Convention: "Ready-Mixed Concrete Industry-Innovation and Technology Exhibition"

The construction industry in Malaysia has moved to a further step since the launch of the Economic Transformation Programme comprising of various construction and infrastructure projects in the pipeline. It is envisaged that the construction related industry is to experience an expansion of 10.70 % supported by demand for housing, commercial building projects, government initiatives on infrastructure projects and on-going projects. Hence it is important that the ready-mixed concrete suppliers are well-informed and geared themselves on the latest technology and equipment available to be more efficient and effective to serve their customers' needs.

With the 2015 NRMCA Concrete Convention, a total of 10 exhibition booths will be set up and the exhibitors are provided an invaluable opportunity to bring forth their latest technology and equipment for the current and future trends through concrete-related activities held during the exhibition as well as through interaction with concrete industry-related professionals gathered under one roof.

It is our hope that this convention will create awareness on the latest innovation and technology to bring the ready-mixed concrete industry to a greater height in order to offer better values to its customers in term of quality products and efficiency in the delivery of service.
